Welcome to Diamond Bar High School! We offer a variety of sports camps and programs for students to participate in during the summer. The newest programs are boys and girls water polo. Both programs are going into their fourth year of existence, and continue to grow each year. Both offer four levels of competition (varsity, junior varsity, frosh-soph and novice) for any student-athlete interested in playing water polo. No prior experience required to participate.

Both programs will start on Friday, June 16 and end on Saturday, August 5, 2017. During the summer programs' levels are combined for practices (i.e. varsity boys and varsity girls practice together, etc.). Specific level practice schedules to be determined. General weekly schedule below:
